IFS INDIA's OBJECTIVES:

We, as qualified forensic experts will provide expert opinions serving the legal cause under the section 45 of Indian Evidence Act, Forensic Research, Forensic Investigations, Publications, Forensic Database Management, Legal Consultancy, Training, Forensic Sciences Education, Memberships and Certifications.

Our Objectives-

- We, as qualified forensic experts will provide expert opinion serving the legal cause under the section 45 of Indian Evidence Act, 1972
- Create an online forensic education portal that provides access to information and resources about the four priority areas identified by the IFS Education Team: educational technology, teaching and instruction, education management, and exchanges of people and information;
- Provide mechanisms that foster the building of forensic sciences educational communities both on- and off-line
- To provide legal consultancy in various branches of forensic sciences.
- Providing membership and certification on the basis of qualification experience for maintaining practicing standards in the field of expertise
- Creating a forensic database of research and experts.
- Evoking a general awareness on advancement in the field of forensics through journals and publications
- Imparting education and trainings through seminars, conferences and workshops.
- Providing Online and Distance Education in the field of Forensic Sciences.
- IFS is dedicated to ensure that forensic sciences initiatives be equally and objectively applied to both offenders and victims.
- To provide sustained professional development programming and consulting services education to corporate, law enforcement and government organizations. There will be conferences, tailored short and long courses and a certification program.
- To form services partnerships to enhance discussion and exchange of business forensic knowledge and to collaborate with practitioners on their current projects.

CONFIDENTIALITY / PRIVACY:

We are committed to protecting the privacy of all our clients. Your identity, along with what we do on your behalf, is kept absolutely discreet and confidential.

Our Expert Opinions and Reports are acceptable in every court in India and abroad (In India-U/S 45 of Indian Evidence Act)
